

July 2017 Group Exercise Class Descriptions - Plainsboro

Cardio/Aerobic Classes

Barefoot Bootcamp/Express: Total body toning class in barefeet (preferred) w/functional movements to build strength, tone, flexibility and balance. Sneakers are welcome

BODYCOMBAT™: Boost cardio fitness and benefit from total body conditioning in this martial arts-based workout.

BODYSTEP™: An energizing, step-based cardio workout that uses a height adjustable step and features cardio work to accelerate fat burning and muscle definition work to shape and tone the body!

BODYVIVE™: A total body workout combining a multi-impact cardio segment, resistance training, core work, balance & stretch all in 55 minutes.

Boot Camp: An energized fusion of cardio, core strength, speed and agility, and muscle endurance. A fast paced class for all levels of fitness!

Boxing: Jab, cross, hook, and upper cut your way to a lean sculpted body using heavy bags, boxing gloves, and boxing drills.

Burn, Firm & Core : Move It, Firm It, Own It! A combination of cardio and muscle definition work using some equipment. Take it high or low! Abs too.

Corebar™: Cardio Vascular workout using a weighted, bent bar utilizing core stability; It's a workout like no other. Watch your waistline shrink! 30 minute format only.

Corebar STRONG™: A 30 minute express high intensity interval training (HITT) class using the weighted bent bar. Total body cardio class.

FIT101: A low impact, total body conditioning class with cardio, strength, balance & core work. Beginner to intermediate levels.

GRIT™ : A 30 minute HITT class; 3 formats to this Les Mills program using cardio, plyometrics and strength work. Not for the faint of hearts. Format varies depending on studio. Bring water and towel.

Piloxing™: A fusion of Pilates and Boxing; high energy class taught in barefeet using the principals of two styles and making it fun and energizing.

POUND™: A cardio class using weighted drumsticks to work total body. Emphasis on core stability and movement. FUN FUN!

Step/Mixed Levels:: A high energy cardio class combining step work with core strength, muscular endurance, dynamic balance and flexibility.

Step n' Tone: A dynamic combination of step aerobics and low impact toning.

Strength & Definition: Cardio and Strength interval training for a leaner and stronger physique.

STRONG by Zumba: Not a dance class. A 55 min high intensity interval training class set to dynamic music. Bring a towel & get ready to sweat!

Cardio/Dance Classes

Asian Pop Dance: Music from the Far East and dance style made popular in Asia.

Ballroom Dance: Learn the basics of ballroom dance. Waltz, Swing, Foxtrot, Tango and more. No partner necessary!

Bollywood Dance: Dance to the music of popular Indian filmmakers; If you enjoy Zumba, you must try this class.

Cardio Dance Party: Combine fitness and fun with dance, athleticism and great music! Options for all levels of dance.

Flamenco Dance: Learn the essential technique and style of this powerful & passionate dance form. All levels welcome. Wear dance shoes or sneakers.

Hip Hop: cardio workout where you are free to enjoy the sensation of dance. An addictive fusion of the latest dance styles and hottest new sounds puts the emphasis as much on having fun as on breaking a sweat.

NIA™: Nia is a fusion of cardiovascular aerobic exercise, dance and whole-body conditioning set to motivating music. Preferred in barefeet but sneakers welcome.

Zumba: An exhilarating, Latin-inspired, calorie burning fitness dance party!

Zumba Gold: Same great Zumba class but lower impact!

Resistance, Toning, and Strength Training Classes

Balance & Movement: Improve your balance while increasing strength using, bands, balls and weights. The exercises would be performed seated or standing. Beginner level.

BODYPUMP™: The original barbell class that strengthens your entire body! Great music will inspire you to get the results you came for!

Bootcamp: An energized fusion of cardio, core strength, speed and agility, and muscle endurance. A fast paced class for all levels of fitness!

FIT101: A low impact, total body conditioning class with cardio, strength, balance & core work. Beginner to intermediate levels.

GRIT™ : A 30 minute HITT class; 3 formats to this Les Mills program using cardio, plyometrics and strength work. Not for the faint of hearts. Formats vary from studio. Bring water and towel.

HardCORE: Training designed to build the muscles of your core. Functional movements and over-all fitness will increase with a stronger core!

I.T. (Interval Training):: Class is strength and endurance oriented using body weight and dumbbells for resistance. Intervals of cardio work also included; Suitable for all levels

Muscle Definition:: Promote muscle definition & tone using various resistance equipment to build strength & endurance. All levels.

Soulbody Barre:: Total body toning class with progressive athletic style barre programs. Light weights used. Taught in barefeet. All levels welcome.

Soulbody Unhitched: Total body toning class similar to SB Barre but w/o a barre. Bodybar and Pilates ball used.. Taught in barefeet.

Toning at the Bar: Classic ballet moves along with core, glute and flexibility work on the floor and at the bar.

X-Press ABS: Blast your abs from top to bottom in the core focused class!

Aqua Classes

Aqua Arthritis: Designed by the Arthritis Foundation, gentle exercises will increase flexibility, mobility and reduce stress on joints.

Aqua Balance & Tone: Use noodles, weights, gloves, boards and your own resistance to burn fat and define muscles. Ideal for the recovering athlete & members of all levels.

Aqua Dance: Easy to follow movements in the water set to fun music; low impact cardio-training! Fun Fun Fun.

Aqua Sculpt: Less intensity than the cardio tone doing in the therapy pool.

Cardio Tone/Sculpt: Mid-high intensity cardio & toning workout using shallow and deep water in the lap pool.

Mind/Body Classes

Alignment Yoga: Emphasis on detail, precision and alignment in the performance of posture and breath. The development of strength, mobility and stability is gained.

BODYFLOW®: A combination of yoga, Tai Chi, and Pilates designed for those looking to improve general fitness, relax and reduce stress, increase mental clarity, and obtain a sense of well-being.

Chair Yoga: Learn to move through yoga postures while seated. A few standing poses also included in class format. Helps to build strength and tone; Low impact class. No yoga experience necessary.

Express Stretch: Slow paced class using some yoga postures to stretch out your body in a very gentle way; Improving flexibility and reduce stress.

Feldenkrais™: Comfortable, easy movement that improves posture, breathing, flexibility, coordination as well as improving chronic muscle pain and movement restrictions. For all levels of movement ability and aptitude.

Gentle Yoga: A simple Hatha style class. Enjoy the poses taught in a slower, more relaxed manner.

Hatha Yoga: The most traditional and familiar form of yoga. Poses are practiced and modifications are given for all levels.

Prime of Life Yoga: A program developed by Larry Payne, PHD specifically targeted towards 'baby boomers'. An overall lifestyle approach to yoga that includes poses that help with everyday biomechanics, stress reduction and everyday aches and pain. Appropriate for ages 40-70. Gentle class.

Power Yoga: An advanced level yoga class with strong emphasis on upper body and core work that will challenge your yoga practice. Not for beginners.

Restorative Yoga: A truly restful class using props like blankets and bolsters in yoga poses that will help you to reduce stress and find calmness and peace. Very little movement. Class size is limited to 15 so please pick up a ticket at the front desk before class.

Tai Chi All Levels: Discover complete harmony of the mind and body while performing graceful, fluid and well balanced martial arts movements.

Vinyasa Yoga: A flowing yoga practice that synchronizes movement and breath.

Mind/Body Pilates

Gentle Pilates: A gentler format of a traditional pilates class.

Pilates: Strengthen your entire body while focusing on core strength and stabilization. Improve your posture while creating long lean muscles.
